*Super Lawyers*®, part of Thomson Reuters, is a rating service of outstanding lawyers from more than 70 practice areas who have attained a high degree of peer recognition and professional achievement. The annual selections are made using a patented multiphase selection process that includes a statewide survey of lawyers, an independent research evaluation of candidates, and peer reviews by practice area. The result is a credible, comprehensive and diverse listing of exceptional attorneys.

To be selected to a *Rising Stars* list, the attorney must be under age 40 or in practice for less than 10 years and must have demonstrated significant achievements in their practice area. Each year, no more than 2.5 percent of the lawyers in each state are selected by the research team at *Super Lawyers* to receive this honor.
